

AirCharge™

WIRELESS CHARGING SOLUTION

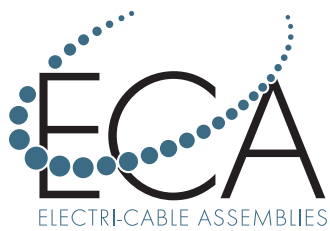

The Air Charge solution enables users to power and charge their devices without the hassle of messy cords or cables. Designed to be easily installed in table surfaces, the sleek grommet can be integrated into a variety of spaces offering a convenient way to charge any Qi compatible smartphone or device without the need to carry charging cables or find an available power outlet.

AIRCHARGE™ WIRELESS CHARGER PROVIDES:

- Compatibility with all Qi rated devices and smartphones. Since 2008, Qi has been established as the wireless technology industry standard. For a complete list of compatible devices, please refer to ECA's *AirCharge Wireless Compatibility Chart*
- An included steel mounting plate and screws allowing customers the option to secure the grommet in place for an added level of security.
- An optional Wireless Receiver for devices not equipped with the Qi technology. To use, simply place the receiver on the surface grommet and connect your device using the adapter plugs available.
- Ease of installation. AirCharge fits into a standard three inch grommet hole. Simply drop the unit into the table top, connect to a power source, and you're ready to charge!
