

Haworth® Health Environments

Gates™ Collection

GATES

With its sleek, contemporary design, the Gates collection offers a wide variety of furnishings for waiting areas and patient rooms. Box-panel stitching and rectilinear arms distinguish the unique styling of Gates seating, which includes bariatric options, recliners, and sleepers.

Hardwood construction and antimicrobial finishes provide durable solutions for healthcare environments.

Gates seating pairs well with casegoods and recliners from other collections, such as Conover.

Occasional tables complement the portfolio to offer endless options and a cohesive look throughout your facility.

Contemporary styling

Gates collection guest and tandem seating solutions accommodate up to five people. Tandem seating is offered with or without a center arm. Increased seat height orthopedic chairs provide easier ingress and egress for patients with abdominal, hip, or knee procedures. Two bariatric seating options—armchair and loveseat—are available for patients who need extra room, or to accommodate loved ones.

SEATING

- Hard maple with mortise-and-tenon locking dowel construction
- Armcaps available in wood, Thermofoil, or Kydex
- No center arm option available for tandem seating
- Multi-density, Cal 117 compliant urethane foam seats
- Cal 133 options available
- Horizontal cleanout
- Field replaceable armcaps, seats, and backs

Variety and choice

The Gates collection features a comprehensive suite of recliners and sleepers for the patient room. Choose from sleep, Trendelenburg, and three-position recliners.

RECLINERS

- Armcaps available in wood, Thermofoil, or Kydex
- Field replaceable footrests, seats, backs, levers, and armcaps
- Edge guard on all recliners protects surrounding surfaces from damage

OPTIONS INCLUDE:

- Push and utility bar
- Push/pull handles
- IV pole
- Foley bag holder
- Thermofoil arm option
- O₂ tank holder
- Folding or lateral transfer arm
- Heat and massage
- Thermofoil side or articulating food tray
- Central lock casters

A pull-out sleeper easily accommodates family members who need to stay overnight. The compact sleeper bench is designed for smaller spaces.

SLEEPERS

- Tab-lock construction utilizing sealed plywood made from hardwoods
- Armcaps available in wood, Thermofoil, or Kydex
- Field replaceable drawers, pullout extensions, and seat backs

Sleek design

Occasional tables complement Gates seating for a cohesive look throughout a facility. Choose from coffee, lamp, corner, and end tables (both freestanding and attached), as well as an attached bridge table.

TABLES

- Hard maple frame
- Tops available in veneer or laminate
- Mounting hardware included with attached tables

Freestanding Lamp Table

Freestanding Corner Table

Freestanding End Table

Greeters Desk

Attached End Table

- Hard maple with mortise-and-tenon locking dowel construction
- Tab-lock construction utilizing sealed plywood made from hardwoods on recliners and sleepers
- Antimicrobial finish inhibits the growth of bacteria while lacquer provides a strong defense against the harshness of cleaning solutions
- Caseloads available in laminate or Thermofoil with optional Thermofoil spillguard top
- Occasional tables constructed with hard maple frames and veneer or laminate tops
